Breeding Airedales & Welsh for Quality and Temperaments

Cornerstone Terriers We have had Airedales for the past 26 years and added Welsh Terriers about 9 years ago. With the help and guidance of Dick & Glenna Briggs of Briggsdale Terriers, we bred our first litter of Airedales 10 years ago and our first litter of WT 7 years ago. We have bred, shown or helped to show 12 dogs to their AKC Championships in the past 11 years. We currently have several Airedales getting ready to start their show careers.
